

## Connect Fund – Building Infrastructure Fund – Funding Guidance

The Connect Fund will provide further support to voluntary sector infrastructure organisations, representing sectors or places, through continuity of our funding initiative, the Building Infrastructure Fund (BIF). The objective of the BIF is to develop and embed enterprise development solutions and explore new methods to engage VCSEs with social investment.

The Fund seeks to build a more enterprising, collaborative and diverse social investment market that prioritises impact and works for smaller to medium-sized charities and social enterprises.

The BIF is open to existing Connect Fund grantees that have completed, or are near completion of, their original funded project.

### What funding is available?

From January 2019:

- 1) **Existing Connect Fund grantees may apply for grants of up to £30,000** to build on the learning from their Connect Fund project to develop sustainable methods to engage VCSEs with social investment in England and address gaps in the market.

The BIF currently has a limited pot of funding and will initially run for one year from January 2019. After this time, we will evaluate the effectiveness of the BIF grants and work with our partner Access – the Foundation for Social Investment to determine next steps.

### Who Can Apply?

The Building Infrastructure Fund is designed to support voluntary sector infrastructure organisations in England. These are local CVS organisations, networks, or other membership or representative bodies supporting places or sectors to engage with social investment.

We also encourage collaboration and will look for applications from organisations that can demonstrate that they are actively working in partnership. We would like to advance projects that can achieve sustainability and align with the strategic priorities of the Access Foundation.

Please note, the Fund does **not fund** frontline charities or social enterprises involved in direct service delivery. You should consult [Good Finance](#) if you have questions about social investment.

## Eligibility Criteria

- Your organisation is a voluntary sector infrastructure organisation; membership body; umbrella organisation; sector, place-based, or equalities network; or a community foundation.
- Your organisation is incorporated and registered as a charity or social enterprise.
- You want to build on existing learning to develop new initiatives to engage VCSEs with social investment or address gaps in the market, ideally in partnership with other social investment organisations.

## What are we looking for?

The BIF will support high impact initiatives seek to achieve the one or more of the following:

- **Develop a sustainable model** for service provision
